

# Walk with Me

By Jean Hayley MBE

Our world is such a wonderful place and I dream we live in peace. So I ask you all to walk with me, lets walk together in close harmony.

Let's show the world we can walk hand in hand and love one another all over this land.

It's a wonderful world we live in and hatred is a sin, so lets open our hearts and let others in. When you meet a stranger you may see sadness in their eyes, you have the power to make them happy if you walk by their side.

Many people have suffered down through the years. There have been bombs, there has been violence, people have shed many tears. So I ask you all to walk with me, Lets walk together in close harmony.

Remember children are our future, so let's guide them well. Teach them love, respect and kindness, teach them how to care. Teach them to have love for humanity and to spread love everyday. Say little children, I will show you the way.

Hatred is a dark place, don't let their minds go there. Explain sometimes life is a struggle, there can be conflict and strife, but you can make a difference in how you live your life.

Let's tread softly when we're angry and keep room in our hearts for love. Always love others, love freely, keep wisdom by your side. Be kind, decent and honest, then you can walk with pride.

We are masters of our own fate, lets make things better before it's to late. So I beseech you all to join hands and walk with me, lets walk together in close harmony.

Then we can have joy and laughter and peace ever after.
